Dear 100 Men YEG,

We are thrilled to have received donations from 100 Men YEG, in cash and in-kind, for a value of close to \$15,000. Brain Care Centre was moved and humbled by this gesture from your members.

Brain Care Centre plays an important role in the network of support to persons with a brain injury and their families as well as raising awareness in our community about the consequences of brain injury whatever the cause. With your kind support, Brain Care Centre has been able to hire an excellent marketing professional for the first time. This marketing expert has greatly enhanced our print, online, and social media presence, giving those with acquired brain injury more avenues to find our help.

Thanks again, the support and interest are greatly appreciated!

Kindest regards,

Garnet Cummings, MSc., FRCP, FACECP, EMDM
Executive Director
